

I have been informed that you are considering expanding LPFM broadcast which could force FM translator services off the air. I currently listen to KLOVE on FM 94.7 and 94.9 in Memphis, TN. I support this station financially each month and it is the ONLY radio station I listen to. I listen to it on the way to work and on the way home. I like the music and the family atmosphere. You don't have to worry about anything vulgar being said where young children might hear. The slogan, "Positive and Encouraging" is exactly what the station is. It promotes the Christian values I support. For many people, it is the only message they will hear about God and His Son, Jesus. Do you want to be responsible for someone not hearing the gospel? If your answer to this question is "I don't care.", then maybe you should tune in and listen for yourself. This station is important enough for me to help pay for the airtime. I am asking that you not force it off the air with the LPFM broadcast service.
